With experience in prototyping, web layout design, and responsive website development, I offer highly customized and meticulously crafted solutions for every project I engage in.

Work experience

INFORMATION COLLECTOR, FREELANCE (JUN. 2023)

- In just 15 days, I gathered and transcribed accurate and detailed information about 40 relevant attractions in the regional tourism industry.
- Tools: Google Suite and OpenAI's Whisper.

UX/UI WEB DEVELOPER, FREELANCE (MAR. 2023 - MAY. 2023)

- Contributed to the redesign of a food delivery website, improving navigation, design, and usability.
- Implemented code snippets for functionalities such as Google Maps integration and geolocation API.
- Prototyped a mobile and desktop version of an e-commerce website with a focus on user experience.
- Tools: Figma, XAMPP, PHP, HTML5, CSS3, JQuery, and Semantic UI.

COPYWRITER AND COMMUNITY MANAGER ASSISTANT, CASA ELIDA (JUN. 2022 - SEP. 2022)

- Enhanced the store's web catalog by writing concise, clear, and informative descriptions and feature tables.
- Provided assistance, resolved inquiries, and managed home delivery orders through all official communication platforms of the store.
- Tools: WhatsApp Business and Meta Business Suite (Facebook and Instagram).
